

Criminal Law and Procedure

12th Edition

William Green

2006

PREFACE

Criminal Law and Procedure, 12th ed. began in 1990 as a collection of readings, problems, and charts for PLS 340: Criminal Law and Procedure. The 10th edition marked a major departure, because this collection of group-based learning materials, along with its discussion group assessment form and course information questionnaire, were formatted as *pdf* files and made available on the MSU Blackboard course site.
