Extracurricular activities

I enjoy listening to and playing music, especially classical music. I play the clarinet, and enjoy singing and playing the piano.

I like playing sports, especially baseball, basketball, tennis, and martial arts. Except for martial arts, I have only played sports in pick-up games, intramural sports, etc.

Some other subjects I enjoy are history, physics, and reading.

I am a Christian, and am involved in my church at college and at my church at home. At college, I sing in my church's sanctuary choir. I am also a part of the church's college group.

2005-present: I am part of a Christian youth program called Shadrach Discipleship Youth Ministry.

I have assisted at home in cooking, cleaning, gardening, Mr. Fix-it, etc., though I am not an expert at any of these.
